

**2021-2024 ATHLETE
CATEGORISATION POLICY**

1. BACKGROUND

- a) Shooting Australia (SA) is required to nominate athletes to the AIS for categorisation against a sport specific National Athlete Categorisation Framework.
- b) The Shooting Australia National Categorisation Framework is shown as Table 1.

2. STRATEGIC CONTEXT

- a) The National Athlete Categorisation Framework provides a clear and consistent basis, both within the Sport System and across sports, to:
 - (i) Identify athletes with the greatest potential to contribute to Australia's performance targets at pinnacle events (e.g. Olympic and Paralympic Games).
 - (ii) Inform the prioritisation of support to these athletes; and
 - (iii) Track athlete performance over time.
- b) The SA Categorisation Panel values repeated high-level International performance when identifying those athletes for Categorisation. Athletes can demonstrate high-level International performance at BME & World Cup competition, in the sport of shooting, by:
 - (i) Winning Medals
 - (ii) Making Finals
 - (iii) Finishing Top 10
 - (iv) Finishing Top 20

3. CATEGORISATION PANEL

- a) The SA Categorisation Panel shall be made up of 5 members being:
 - (i) SA High Performance Director (Chair)
 - (ii) Relevant SA National Coach (Pistol, Rifle or Shotgun) or Para Program Coordinator
 - (iii) SA Performance Support Manager
 - (iv) SIS/SAS Representative, and
 - (v) AIS Representative (Independent Observer)

4. ATHLETE ELIGIBILITY

- b) Only athletes who compete in an Olympic or Paralympic event, as defined in clause 6 (a), shall be nominated to the AIS for categorisation.
- c) To be eligible for categorisation, an athlete must:
 - (i) be an Australian citizen and eligible and available to represent Australia in international competition.
 - (ii) be a registered member of a SA Member Organisation (MO).
 - (iii) be a current member of a SA Squad.
 - (iv) have signed a current SA Athlete Agreement.
 - (v) have an individual performance plan (IPP) approved by the relevant National Coach.
 - (vi) comply with all relevant SA policies and rules as amended

- from time to time
- (vii) be in good financial standing with SA.
 - (viii) comply with all anti-doping requirements of the IOC/IPC, ISSF/WSPS, AIS and SA.
 - (ix) be actively training towards the next pinnacle event.
 - (x) maintain a lifestyle conducive to sporting excellence.
 - (xi) maintain the high standard of personal behaviour expected of an athlete representing Australia.
 - (xii) not bring themselves, the sport of shooting, SA, or any of its partners into disrepute.
- d) Para athletes should hold a Review or Confirmed status international classification and the international classification must align with the sport class for which they are nominated. Any para athlete without an international classification cannot be categorised higher than Emerging. Para athletes who do not hold an international classification should hold a national classification and be planning to seek international classification within an acceptable timeframe.

5. NOMINATION PROCESS AND TIMEFRAMES

- a) Athletes will satisfy both the descriptive and performance criteria detailed in Table 1.
- b) Athlete categorisation will be formally reviewed in or around November each year (i.e. at the conclusion of the international competition season).
- c) At this time, athletes may be added, removed, or moved to a different category.
- d) Categorisation of athletes does not imply selection of those athletes to SA National Squads or Teams. These are governed by separate selection criteria available on the SA website. Equally, non-categorisation of athletes does not mean that they will be excluded from selection to SA National Squads or Teams.
- e) Athletes will remain in an Athlete Category until such time as they are moved or removed.
- f) Athletes must continue to demonstrate progression and improvement in areas of performance that shall be identified in their IPP. Athletes who fail to progress may be removed from the Athlete Categories at the sole discretion of SA.
- g) The Categorisation Panel may at its discretion, request a review of an athlete at other times (e.g. following a benchmark event or if an athlete is not actively training or demonstrating the required commitment levels as determined by SA, the AIS or the SIS/SAS).
- h) Athletes may be excluded at any time from the Athlete Categorisation program at the absolute discretion of SA.
- i) Athletes categorised as Developing or above, shall not be eligible to be categorised as Emerging in the future.
- j) Athletes may transition between Developing, Podium Potential, Podium Ready and Podium, subject to meeting the descriptive and performance criteria set out in Table 1.

- b) All requests for reconsideration must be put in writing to the Chair of the Categorisation Panel.
- c) In their Request, the athlete must address either or both of the following grounds for reconsideration, namely that the Categorisation Panel
